DEBATE ON

HAMILTON LIFE

THURSDAY

Volume XXXVI | Hamilton College, Clinton, N. Y., Tuesday, November 21, 1933 | Number 8

DEBATERS TO MEET BRITISH TEAM NOV. 23

White, '34, and Burke, '34, Will Represent Hill

DEBATE NATIONALISM

F. L. Ralphs and F. T. Kitchin Of English Student Union Will Uphold Affirmative

The international debate, one of the high spots of Hamilton's debating season, will take place in the chapel next Thursday evening. The Hill representatives, Howard White and Coleman Burke, both '34, will defend the negative of the proposition: Resolved, That Nationalism is a Menace to Civilization, against the team representing the National Union of Students of England, which is made up of F. L. Ralphs of Sheffield Universit yand L. T. Kitchen, King's College.

The advance speeches will be fif teen minutes in length. Each team will give the rebuttal speech of five minutes. Mr. White will be rebuttal speaker for Hamilton.

The speakers from England were selected to make their debate tour in America on the basis of brilliant scholastic and forensic records. Mr. Ralph's university experience has been varied. He has been President of the Geographical Society, editor of "The Arrows" (the organ of the National Union of Students), and is President of the Union of Students for 1933-1934. He has been prominent as a member of the Debates Committee, taking part in inter-varsity and inter-national debates, speaking against teams from America and South Africa. Mr. Kitchin, of King's College, is barely twenty years old. He is in his first year at King's College and is working for a B. A. General Degree, which includes work in English, French, and Law. He has represented his university in a number of important debates.

After the debate a reception will be held in honour of the visiting team.

Debate Squad Adds Fourteen New Men; Schedule Announced

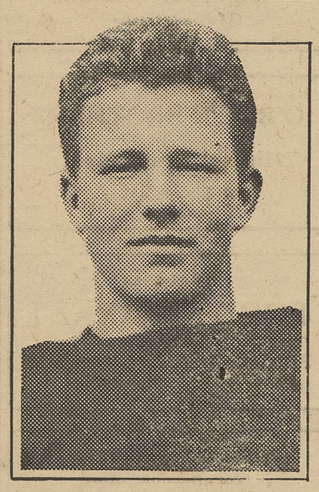
The varsity debate squad has added 14 new members to its roster as a result of the try-outs which were held in the Chapel on November 7. The new members are: Halsey Barrett, Edward Clough, John Handy, James Rockwell all of the class of 1935. Norman Howard, Dennis Livadas, Frederick Meagher and Herman Speh, members of the class of 1936, and six freshmen, John Adamson, Samuel Fader, Norman Foote, Edward Guy, Herbert Slade and William Taylor.

The complete list of debates scheduled to follow that of Thursday evening and the debaters selected to represent the college in them follows: Dec. 8, Elmira at Clinton, Halsey Barrett and Frederick J. Meagher, William Taylor, alternate; Dec. 11, St. Lawrence, at Clinton, Sol Linowitz and James A. Rockwell, Edward G. Guy, alternate; Jan. 10, Rollins, at Clinton, Walter B. Moore and Samuel Fader, Herbert Slade, alternate; Feb. 19, Wells, at Clinton, Edward Clough and John Handy, John Adamson, alternate; March 2, Lafayette, at Easton, Pa., Coleman Burke and Norman Howard; March 5, Albany, at Clinton, Donald Ahearn and Dennis Livadas; March 16, Dartmouth, at Hanover, N. H., Ralph T. Haas and Howard White; March 23, Union, at Clinton, John L. Brown and Herman A. Speh, Jr., Norman L. Foote, alternate.

Union Inaugurates New Plan

Nation-wide comment has resulted from the simplifying of admission requirements to Union College recently brought about by acting President Ellery. Qualifications are not required in a wide range of studies as formerly, but profiency in one line is now sufficient preparation.

1936 President



Ira D. LeFevre, '36

CLASS OFFICERS ELECTED BY '36

LeFevre, Dotzauer, Connor, Chosen to Head Sophomores

On Wednesday morning, November 15, Ira LeFevre was elected president of the sophomore class, defeating John Carmer, who on the following morning was defeated by George Dotzauer for the office of vice-president. Yesterday morning John Connor and Carmer competed for the position of secretary-treasurer, and Connor was chosen to fill the office.

Ira LeFevre is a member of the football team, D. T., and Quadrangle. He is affiliated with Alpha Delta Phi. George Dotzauer is also a member of the football team, D. T., and Quadrangle, and of the basketball squad. He is a member of Chi Psi. John Connor is on the basketball squad.

Football Schedule For 1934 Announced

Susquehanna Substituted for Amherst; Other Opponents Same

According to the 1934 football schedule announced by A. I. Prettyman, athletic director, today, the Continentals will play seven gridiron games next season, meeting the same college squads met this season with the exception of Amherst.

In place of the Lord Jeffs, the Hill team will line up against Susquehanna on Steuben field on October 20. The season will open on October 6 at Buffalo where the annual battle with the Bisons will take place. On the following week-end Hobart will appear on the Hill in the first of a series of three games to be played at home. Susquehanna is booked for October 20 and the Rochester Yellowjackets are slated to appear on October 27.

R. P. I. will be met on their home field in Troy on the following Saturday afternoon, November 3, while on the following week-end Haverford will journey here from Pennsylvania for their annual clash.

The climax to the season will be staged at Schenectady on November 17 at which time Union will endeavor to balance the defeat suffered last Saturday afternoon.

Fencers Drill For Season's Schedule

First of the winter sports teams to begin practice was the fencing team with a turnout of some twenty men. The initial practice was called for last Monday. Mr. Gelas is very hopeful of having an exceptionally good team this year. Both captain Ballard and ex-captain Scanlan will again be teammates this season.

Paul Bremer, '35, is the only junior who fenced regularly with the team last year, but there are five others who will battle for places on the regular team for the coming season. They are Montrose and John Bates, foils, and H. Greene and Tom Smith, sabres. J. Hall is working on both the foils and sabres. There are several sophomores who should give present members of the squad a spirited battle for places on the team.

QUARTET TO RETURN HERE THIS FRIDAY

Musical Art Society Will Bring String Ensemble To Hill Chapel

PERFORM BY MEMORY

Only Organization of Kind to Play Without Score; Shute at Piano

The Manhattan String Quartet, which presented a concert on the Hill last year, will be heard again on Friday evening, November 24, in the College Chapel, in the season's second Musical Art Society concert. The quartet's program will include selections from Haydn, Smetana, and Brahms.

The Manhattan String Quartet is the only quartet which plays ite music entirely from memory. By dispensing with lamps, stands, and music books, the musicians are able to establish a closer connection with their audience. The critic of the New York Times said of a recent concert, "The almost psychic interplay of feeling and mood between the players is unimpeded and the four instruments are permitted to play, as they play in the composer's mind, like one."

The personnel of the Manhattan String Quartet consists of Rachmael Weinstock and Harris Danziger, violinists, Julius Shaier, who plays the viola, and Oliver Edel, 'cellist. These young men were selected three years ago by Hugo Kortschak, a member of the faculty of the Yale University School of Music, and director of the string department of the Neighborhood School of Music, New York, and the ensemble work of the quartet is still under his direction.

The works to be played at Friday's concert are Haydn's Quartet n E flat, Opus 64, No. 6; the Quartet in E minor, "Aus Meinem Leben," by Smetena; and Brahms' Quintet for Piano and Strings. Professor Shute will play the piano part in this last composition.

"Creaking Chair" Cast Contains Hill Members

Showing the mutual interest which people of the college and town hold for each other, numerous Hamilton men are taking an active part in the production of "The Creaking Chair," a mystery play to be presented in the Clinton Central School Audtorium tomorrow evening by the Skenandoa Club.

The play concerns a murder which is thought to have been instigated by an Egyptian society offended by the excavation of ancient tombs, work carried on in part by certain persons represented in the cast. College Registrar Wallace B. Johnson, '15, plays as a member of a former Egyptian archeological expedition, a man who, at present, because of a disease contracted on the expedition, is confined to a wheel chair. This role of Edwin Latter offers Mr. Johnson a good opportunity for original work, his situation in the play making him a sinister character. Robert G. Miner, '34, acts the part of John Cutting. Norman L. Swartout, '36, takes the role of Angus Holly, the butler, a part which, though seeming a humble one, is one of the longest in the play and an exceedingly difficult piece of work.

Miss Mildred Prettyman, daughter of Mr. Albert I. Prettyman, is the only woman from the Hill to appear in the play.

Miss Adelaide Timian, well known to all students who have occasion to visit the Bursar's office, is playing one of the four feminine parts.

Two Hill alumni, O. Gregory Burns, '14, and F. Stanley Griffin, '18, are displaying their histrionic talent in this production. John H. Jones, '31, is directing the play.

The stage scenery was made by Mr. Elliott C. Burton under the direction of Mr. Albert I. Prettyman. Associate Professor Cameron and Mr. Clark P. Osborne, '27, are doing all the electrical work.

First Year Men Cast Ballots During Week

Election of freshmen class officers, though somewhat delayed by other class elections, will take place this week. The following men have been chosen to represent their respective groups: John C. Baldwin, Sigma Phi; Griffith Jones, Alpha Delta Phi; John E. Adamson, Psi Upsilon; Harry P. Massoth, Chi Psi; James H. Frear, Delta Upsilon; Wesley Van Loan, Delta Kappa Epsilon; James A. Hands, Theta Delta Chi; Robert L. Jagger, Emerson Literary Society; William J. Bowe, Lambda Chi Alpha; John M. Wood, Tau Kappa Epsilon; William J. Gregg, Beta Kappa; and Robert G. Eisenhardt, Neutrals.

HILL CONTRIBUTES $1300 IN LOOT TO UNKNOWN CROOKS

Valuables, Clothing Taken Without Difficulty in Unprotected College

Three Hill fraternity houses which were victimized three weeks ago by a pair of thieves were again the victims of a burglary early last Saturday morning when approximately $1,300 in cash, clothing, and valuables were plundered from sleeping students. Sigma Phi, Delta Kappa Epsilon, and Delta Upsilon, losers to the extent of $174 in the previous robbery, were burglarized by three men sometime between the hours of 3 and 4 o'clock Saturday morning.

Watches, suits, overcoats, a small amount of cash, and a cigarette case were taken from the students during this foray. In the last burglary, however, the thieves confined themselves mainly to cash, and authorities expect that the recognizable loot of Saturday morning will be easier to trace.

Sigma Phi was this time the heaviest loser. Nine watches and several pieces of clothing comprised the loss which was estimated at $730. This, combined with the $60 loss of three weeks ago, brings this fraternity's yield to the thieves to over $800 within the past three weeks, inasmuch as $12 in cash was also taken Saturday night.

Delta Kappa Epsilon, previously robbed to the extent of $104, was relieved of five suits, an overcoat, a watch and chain, a cigarette case, and about $5 in cash, amounting to a total of about $275. The pieces of clothing were in excellent condition, and the watch and chain were valued at $50.

The only loss at the Delta Upsilon house was a sufficiently staggering one, a racoon coat valued at $300 being taken. This house was also burglarized three weeks ago, to the extent of $10.

As was the case with the previous burglars, the thieves exhibited a coolness and daring at their work, and could certainly offer an explanation for their appearance if caught entering any of the houses. The only clue to their identity, and that a slight one, was given by Richard M. Tuthill, '32, an alumnus of Delta Kappa Epsilon. He was awakened by three men who had turned on the light in the room in which he was sleeping, but the men muttered an apology and quickly backed from the room. The only clue that he could give to their appearance was that one of them was quite short and built rather stockily. In all the other houses the thefts passed unnoticed until the following morning.

The case has been turned over to county detectives who hope to make some progress because of the traceable character of the loot.

Carruth Directs Meeting

Professor W. M. Carruth was in charge of the program of the semi-annual meeting of the mathematics department of Colgate, Syracuse, and Hamilton, held last week in Syracuse. The meeting, which was attended by about 20 professors, was devoted to a discussion of "What to Expect of the High School Student in Freshman Mathematics."

BUFF AND BLUE ELEVEN DEFEATS UNION BY 12 TO 0 COUNT IN WINTRY ENCOUNTER TO FINISH RECORD SEASON WITH SIX VICTORIES

Only Amherst Halted Hill Gridders In Best Year

UPSET DOPESTERS

Buff and Blue Downed Many Opponents Favored To Win

The best Buff and Blue gridiron machine of the decade climaxed a successful season on Saturday by completely overwhelming Union on Steuben field. When the Continentals battled the Garnet invaders to a 12 to 0 score, they printed on the records their sixth victory of the season, as against only one defeat.

With the exception of the Amherst battle which proved to be a moral victory for Hamilton and Amherst's worse setback of the year, the Hamiltonians romped through their schedule sweeping all opposition to the winds. On successive Saturdays the Buffalo Bisons, Rochester, Hobart, R. P. I., and Haverford went down before the powerful drive of Coach Winter's lads. The season reached a glorious climax on Saturday when Union joined the ranks of the defeated.

With Lady Luck already frowning on them as far as injuries were concerned, the Continentals opened the season on Steuben field against a highly rated Buffalo team. The Bisons came here with the odds heavily in their favor and went home with a 15 to 0 defeat.

Scobie, nursing a shoulder injury incurred in pre-season scrimmage, returned to action against the Rochester Yellowjackets on the following week-end and made his presence keenly felt. The Continentals, however, were forced to the limit by the scrappy Rochester team, but came home with a 13 to 7 victory.

The Lord Jeffs invaded the Hill confident of an easy afternoon, but the Buff and Blue played some of their best ball of the season, holding the husky Amherst backfield time and time again when it threatened to shove across a touchdown.

The Amherst lads earned one touchdown after being held to a scoreless tie for three periods and then added another when a kick went into the end zone and was captured after it bounced off a Hill player. The final count was 13 to 0. The Hill offensive told on Coach Lloyd Jordan's eleven, however, and for the remainder of the season the New England squad was not quite the same.

The following Saturday, they invaded Hobart, played ragged ball and were lucky to emerge the victor, 19 to 12. Only punch and drive during the final quarter saved the tussle for the Hamiltonians.

Another invader arrived on Steuben field on November 4 with the same confidence of victory which Amherst displayed. The Rensselaer squad which downed Union on a previous Saturday arrived with high hopes of taking over the Continentals by two touchdowns, but returned to Troy with a 20 to 6 defeat.

Two weeks ago, the Hill outfit went into Pennsylvania to play their annual game with Haverford. The Pennsylvanians displayed more power than expected and the Continentals were forced to battle all the way to gain a 14 to 7 decision.

BIOLOGY CLUB TO MEET

The Biology Club will hold its next meeting Monday evening, November 27, at 7:30 at the home of Professor Butcher. Recent advances in four fields of medicine will be discussed by student speakers. H. K. Bailey, '35, will discuss encephalitis; W. G. Robinson, '35, tuberculosis; T. R. Miller, '34, cancer; and R. S. Stockton, '36, infantile paralysis. All club members and everyone interested are urged to attend.

Touchdowns—McKenzie, Scobie.

RALLY AND DANCES CELEBRATE GAME

Chase, Coach, Zabriskie and McGee Speak; 290 Hill Guests

The traditional pep-rally was held Friday evening in spite of the campus-sweeping snowstorm which necessitated the holding of this year's speeches inside the Sage building. On Saturday night, the students celebrated the team's victory with dinner-dances in seven of the Hill fraternities.

The students commenced Friday evening's demonstration by forming a procession behind the college band, under the direction of John D. Dale, '36, which marched around the quadrangle to recruit rooters from the dormitories and finally ended up inside the hockey building.

The extreme cold outside the Sage building, coupled with the falling snow, combined to keep the students from venturing out of doors to gather around the dying fire for more than a few minutes. After a few lusty cheers, the entire group of undergraduates hurried inside for the pep speeches.

With John Burrows acting as master of ceremonies, the evening's roster of speakers started with Captain McGee, who gave an appreciation of the fine support offered by the student body in the season's three home games.

As the second speaker, Coach Arthur Winters told the students that, regardless of the outcome of the Union game, there was a large amount of credit due not only to the varsity players, but also to the scrub elevens which had helped drill the first-string men, and to Coach Weber, who acted as scout.

Dr. Cleveland Chase, as the Hamilton oracle, once more consulted the heavens about the outcome of the Union game. This year, he said, no predicton was necessary, as Hamilton was sure of victory. He dismissed the skepticism of the students regarding his forecasting powers, by saying that his predicton last year was perfectly accurate, but that the Hamilton players did not fulfill the necessary conditions, and had consequently suffered defeat. E. Thomas Zabriskie, '34, manager of the team, was the last of the speakers, paying a tribute to the ability of Winters.

After the game seven of the fraternities invited approximately 290 guests, including both girls and returning alumni, to dinner-dances held in the various houses. Those fraternities entertaining Saturday night and the number of guests present were: Sigma Phi and Chi Psi, presenting Don Davidson and his orchestra, 65 guests; Alpha Delta Phi, WIBX orchestra, 60 guests; Psi Upsilon, Hamilton-Glendale orchestra, 50 guests; Delta Upsilon, Silvermoon Society orchestra, 50 guests; Delta Kappa Epsilon, Bill Russell's Clintonians, 25 guests; and Emerson Literary Society, Bill Pritchard's orchestra, 40 guests.

McKenzie and Scobie Score Hamilton Tallies

MAKE 11 1st DOWNS

Union Held to Total of Eleven Yards Gained; No First Down

By Howard C. Hosmer

Hamilton's football team, the greatest in point of record since 1900, ground Union's vaunted threat to a successful season into the mud on Steuben field Saturday to score an impressive 12 to 0 victory over the Garnet in their 41st game and the most decisive Hamilton triumph over Union in 20 years. An enthusiastic Hamilton cheering section and a handful of Union rooters braved cold and damp to see the perfectly coordinated Buff and Blue eleven score its sixth triumph in seven starts, with Alex McKenzie and Andy Scobie scoring touchdowns in the second and fourth quarters and aggressive, sure Hamilton teamwork paving the way for long gains and effectively stopping all Union attempts to advance the ball.

Handling the ball efficiently despite a wet field, Hamilton backs, under the direction of quarterback Bill Jones, ripped off many long gains behind the effective work of the best interference of the season, gaining 11 first downs and a total of 260 yards, while a great Hamilton line, led by Captain Bill McGee at right tackle, with two other seniors, Edwards and Embler, at end and guard, smothered Union's running attack with a brilliant display of mass defensive strength which held the Garnet without a first down. No Union play netted more than three yards and the total yardage gained by the visitors' running and passing was only 15 yards. Two sophomores, Gould and O'donaghue, at center and tackle, who played their best game of the season, deserve special mention for their line play.

Union's defense, fairly ineffective in mid-field, rose up staunchly to stop several Hamlton drives which were successfully stemmed within a few feet of the Garnet goal line. The big Union line held for downs on its three yard line early in the first quarter when Edwards' recovery of a fumble put Hamilton in a scoring position on the ten yard line. Early in the second period the Garnet held for downs after Edwards had blocked Milano's punt with Captain McGee recovering for Hamilton. Union held for the third time after McKenzie's sensational 38-yard run had put the ball on the Garnet 1-yard line.

The Hamilton team, however, played with a confidence and watchful aggressiveness that was not to be denied and the second quarter finally brought the first score. After Union had held within its one yard line, Milano punted to the 30-yard line. Harding, McKenzie and Scobie gained a first down. Two more plays with McKenzie carrying the ball gained another first down and MacLaren and Scobie advanced the ball on three plays to the Union two-foot line. McKenzie drove over for the touchdown.

The second Hamilton score came midway in the final period when Captain McGee blocked Krull's punt and, recovering, took the ball to the Union two-yard line. Powerful Andy Scobie, Hill fullback, smashed through the line for the score. His buck for the extra point was stopped short.

A play by play account follows:

Scobie returned the opening kick-off to the Hamilton 34-yard line. McKenzie punted outside on Union's 14-yard line and Edwards recovered a fumble for Hamilton on the seven-yard line. Union held for downs, receiving the ball on the 3-yard line. Milano, kicking

EVERY MAN'S DUTY

It is the duty of every undergraduate of Hamilton College to acquaint himself at once with the inflationary experiments which have been undertaken and which are about to be attempted by the "Brain Trust." At least once in every generation there occurs a similar effort to scuttle the Treasury, but never before has the danger been so pressing and the need for courageous public opinion so felt.

Secretary Woodin's indefinite retirement coupled with the resignation of Under-Secrtary Acheson holds a significance which cannot be overlooked, "official correspondence" notwithstanding. Mr. Morgenthau, appointed to fill the Treasury post, is a disciple of the "compensated dollar," or "regulated" inflation. There is a possibility that an unruly farm bloc will give Congress a decidedly inflationary complexion when it convenes on January third. And then there is the Thomas Amendment which empowers the President to run the gamut of all known monetary experiments from bi-metallism to a further reduction of the gold content of the dollar by as much as fifty per cent.

It is extremely doubtful whether such a policy, effecting a rise in commodity prices, will result in stimulating business. The increased prices have long since become a reality, but instead of dealing an impetus to industry, it has removed the last vestige of confidence. There is a very natural hesitancy on the part of investors to entrust their capital to such an influence as "regulated" inflation. All inflationary experiments started out to be regulated. All of them ended in disasters similar to those in post-war Europe. Foreign bankers and economists look on aghast at the latest brain-child of the President's advisors. It is difficult for those who witnessed the destruction of the middle classes in France and Germany to comprehend the persistent attempts to weaken the dollar.

Let us not lose sight of the international implications of our monetary policy. The continual flooding of foreign markets with the cheapened goods born of the depreciated currency cannot help but lead to reprisals for the purpose of injuring American commerce. Our gold-buying may force other nations off the gold standard, an act hardly calculated to improve international relations upon which our trade depends. We pause on the brink of economic warfare.

We cannot overemphasize the urgent duty imposed upon every American citizen to bring his influence to bear in determining the monetary measures of his government. Upon the shoulders of each of us rests the future economic existence of this nation.

HOW MANY MORE TIMES?

The weekly depredations of robbers on College Hill have now reached sufficient proportions to warrant mild action on the part of the Administration and the undergraduate body. The failure of both to take vigorous steps after the first raid of the marauders would seem to indicate an unsocial lack of responsibility as well as a spineless apathy to protect one's own property.

Hamilton **Life** proposed a plan several weeks ago, which would place buildings on college property under the protection of a detective agency or an insurance firm. Protection to buildings off the campus proper is one of the details which should not baffle us to the extent of preventing a guarantee against the marauding criminal. The proposal was welcomed on the editorial pages of other publications which represent institutions also victimized by public enemies.

We earnestly request the Administration of Hamilton College to take the leadership in formulating a workable plan for the protection of our personal property.

Remember:

You can get poor food cheaply, or you can get good food by paying more. But, to get both the best food and the lowest prices, the students eat at

Alumni Notes

By Professor Edward Fitch

Among the alumni who visited the Hill during the past week were Major Leslie R. Groves, '81, of Altadena, Cal., who served as army chaplain from 1896 until his retirement from active service; also Dr. David H. Newland, '94, State Geologist, Albany, N. Y.

Rev. Charles H. Walker, '87, has resigned the pastorate of the Presbyterian Church in Aurora, N. Y., and will retire from the ministry, making his home in Perry, N. Y., where his son, Rev. George W. Walker, '14, is settled.

John W. Howard, '32, who is a second year student in the School of Medicine of the University of Pennsylvania, writes of having had a pleasant day with the Hamilton Alumni of Philadelphia on the occasion of the Haverford game, and adds: "We hope to have an active alumni organization and have made an effort to become a permanent group."

John A. Tallmadge, '17, who received the M.A. degree form Columbia University in 1924, and was formerly connected with Mercersburg Academy, is instructor in English and Press representative at Cedar Crest College, Allentown, Pa. He reports that there is a group of five alumni in Allentown who read Hamilton **Life** regularly and have other interests in common. They are, besides himself, Rev. Samuel K. Piercy, D.D., '98, pastor of the the First Presbyterian Church; Major William J. Wilcox, '09, of the A. E. F., now in the legal department of the Pennsylvania Power and Light Company; Charles S. Peck, '12, representative of the Provident Mutual Insurance Company, and William Harold Dowling, '22, instructor at Moravian College for Men.

CARPE DIEM

The tumult and shouting have died down and another Union game has passed into history. The letters in Mr. Semerad's name, of the Garnet eleven, got juggled around to where they spelled "smeared"—which he was!

* * * * *

It was Bobby Rudd who suggested, brightly, in class Saturday, "It's so cold that I should think a person might make money selling coffee or something at the game." Well, we didn't see anyone selling it....

* * * * *

Judging from the way the state troopers ejected that gentleman from the press box Saturday, freedom of the press and freedom of the press box are two very different and distinct things.

* * * * *

Carpe has received a number of requests to clear up the mystery of that little green box that Morgan totes to class every day. Operative VX23 has finally submitted his report after weeks of intensive sleuthing. (You've probably seen him around during first hours on Mons, Weds, and Fris—the short gent with the white whiskers?) Well, it seems that ole Georgie Porgie Morgie gets a little weary during the day (giving quizzes is so enervating!) and the only thing that can put the color back in the cheeks, the old spring in the step, is a spot of tea between classes. So he steps out into the little room there and has himself a slug. Personally, Carpe prefers the needle.

* * * * *

Don't forget—Chapel at eight!

The New York State Conference on Social Work, which brought together upwards of a thousand delegates for its annual meeting in Utica on November 14th to 17th, had as its president Oscar W. Kuolt, '07, General Secretary of the Council of Social Agencies of Rochester, N. Y. Among those who had a part in the various programs were Arthur H. Naylor, '02, superintendent of schools in Port Jervis; James H. Foster, '95, Assistant Commissioner, State Department of Social Welfare, Albany; Paul B. Williams, '08, of the Utica Press; Charles L. Mosher, '99, Director of the Division of School Attendance, Albany, and Professor J. H. Howson of Vassar College, formerly professor of Ethics at Hamilton.

Max Melville Wylie, '27, was married on November 11th to Miss Isabel Lamb, in White Plains, N. Y.

Thomas C. Grubb, '30, received the doctors degree in bacteriology from the University of Chicago at the end of the summer quarter of this year. He has been appointed bacteriologist for the Borden Company, in Brooklyn, N. Y.

Philip G. Corby, '28, and Miss Helen Perry Ord were married in Maplewood, N. J., November 11th.

Theodore H. Ingalls, '29, after completing the course at the Harvard Medical School, is serving as interne in the Peter Bent Brigham Hospital in Boston.

IT TAKES HEALTHY NERVES TO BREAK RECORDS IN THE AIR!

HE FLEW AROUND THE WORLD ALONE! Wiley Post climbs out of the Winnie Mae at Floyd Bennett Field as the whole world applauds his skill and marvelous physical endurance. "Smoking Camels as I have for so long," says Post, "I never worry about healthy nerves."

FLYING EIGHT DAYS AND NIGHTS without a stop, Frances Marsalis and Louise Thaden set the world's endurance flight record for women. Miss Thaden says, "For some years I've smoked Camels. They taste better." Also a Camel fan, Miss Marsalis says, "I've never changed because I can't afford to take chances with my nerves."

RACING ACROSS AMERICA in 10 hours and 5½ minutes, Col. Roscoe Turner recently added a new West-East transcontinental speed record to the East-West record he won earlier this year. "Like most pilots I smoke a lot," says Col. Turner. "I smoke Camels for the sake of healthy nerves, and I enjoy them more."

A MATCHLESS BLEND

IT IS MORE FUN TO KNOW

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Steady Smokers turn to Camels

Men and women who are famous for their brilliant flying agree about smoking and healthy nerves. "I never worry about healthy nerves," they say, "because I smoke Camels."

They cannot afford to make a mistake in choosing their cigarette. They have to know. And it *is* more fun to know, because of the greater smoking pleasure they find in Camels. Camels are milder... better in taste. They leave no "cigaretty" aftertaste.

* * *

Change to Camels... and see for yourself that they do not get on your nerves or tire your taste!

CAMEL'S COSTLIER TOBACCOS

NEVER GET ON YOUR NERVES... NEVER TIRE YOUR TASTE

15 Candidates Turn Up For Basketball

Only fifteen men answered Coach Weber's call for varsity basketball candidates yesterday as the squad began regular practice for a twelve game schedule which will be inaugurated on December 13 by Colgate in the Soper Gymnasium. Included in this number were only three men who have had previous varsity experience, which makes the outlook for the 1933-34 season comparatively dark.

Sophomores were the most numerous applicants for berths on the team, no less than nine responding to the call for candidates. Only one senior, Captain Burke, was among those present, while juniors rounded out the fifteen. Much of the success of the season will depend on how the sophomores develop, as undoubtedly some of them will be called upon to fill positions during the approaching games.

The season's prospects will be considerably brightened when the two remaining of last year's lettermen report to practice. Gerry Snyder, sensational sophomore guard last winter was absent from today's session as he was called home by illness in the family; and Fritz Crego, substitute forward who earned a letter last year is still recuperating from a painful shoulder injury received in football. The return of these two men to action and the donning of suits by Stackel, lanky center, and Dotzauer, freshman guard last year, will probably bring the squad to its full strength by the end of the week.

Hamiltonian Photos Near Completion

With the completion of the greater part of the fall photography during the past five days, the work on the 1935 "Hamiltonian" has been definitely set in motion. Class pictures, sport team pictures, and photographs of extra-curricular activities, have been taken, as well as the majority of the individual portraits of the members of the junior class.

Inclement weather has retarded some of the work. Group pictures of the fraternities had of a necessity to be postponed for a time. However, work was begun on them yesterday noon.

The rest of the pictures, including the sophomore and freshman class pictures, have been run off without mishap. The pictures of the fall sports teams were taken yesterday afternoon and the various other extra-curricular activities on Wednesday, Thursday, and Friday last.

Nine sophomore competitors are at present at work on the Senior Honor Roll which is nearly completed. They will soon begin work on fraternity and class lists, and their competition will be continued into the spring, when selections for the positions of editor and managing editor will be made. Members of the junior class will shortly begin work on their junior scurfs.

1200 members of the Psi Upsilon Fraternity are expected to gather at Union College this week to celebrate the 100th anniversary.

Wallace B. Johnson, '15, as he appears in the part of "Edwin Latter" in the mystery play, "The Creaking Chair", to be presented tomorrow night at the Clinton High School auditorium by the Skenandoa Club, and which numbers several other students, alumni, and others from College Hill among the members of the cast. **(See page 1, column 3.)**

Six Sophomores to Report for 'Life'

The election of six sophomore competitors to the reportorial staff of Hamilton **Life** was announced Thursday morning after Chapel by Robert C. Waddell, Editor-in-chief. Ability to write news stories and promptness in finishing assignments formed the main basis for the choices, failure to hand in all the assignments made, making several otherwise eligible men ineligible. Those chosen were: H. W. DeGraff, Beta Kappa; R. E. Eldridge, Lambda Chi Alpha; R. T. Jameson, Psi Upsilon; J. M. Keane, Lambda Chi Alpha; A. C. Rearick, Chi Psi; and R. S. Stockton, Sigma Phi.

Further elections will be made from among the remaining ten men as soon as they have had sufficient experience in the writing of stories to warrant thir being given positions on the **Life** board. It is expected that the competition among those not already elected will last from three to four weeks.

The ten sophomores still competing are: Bates, Connor, Conley, Halstead, Hickok, J. C. Jenks, T. Jenks, Johnson, McInerney, and White.

History Club Holds Meeting Tomorrow

The History Club will hold its first meeting Wednesday evening, Nov. 22, in the Psi Upsilon house. Rev. John D. Gregory, '25, pastor of the Olivet Presbyterian Church of Utica, and a former president of the club will be the speaker. He has chosen "Czechoslovakia—its past and present history" as his topic for discussion. All members of the faculty and student body are invited to attend this meeting.

Rev. Antonio Perrotta, pastor of the Italian Baptist Church of Utica, and well known authority on Italian affairs will probably be the speaker for the December meeting, the date of which has not been difinitely set. His topic will be "Benedetto Croce, an outstanding historical character and philosopher of present-day Italy."

We Know The Style Field
University men can well put themselves in our hands, because through our various style connections we know the minute each new style is created.
As soon as such styles become popular with college men we stock them. In addition we see to it that such styles are expressed through quality materials and workmanship. Thus you'll always find our suits, topcoats, overcoats, hats, shirts, shoes, etc., correct, popular and of modern tempo.

HERE'S Energy FOR YOU!

ON COURT OR CAMPUS, you'll find the lively ones keep in trim with the help of Shredded Wheat.
For forty years, these golden, crisp-baked biscuits have been the favorite pick-up food of active folks. Taste alone would win you. But Shredded Wheat has a lot more to offer. It brings you *all* the essential elements of whole wheat . . . the proteins, vitamins, carbohydrates and minerals. And bran, measured for you by Nature. Just 100% whole wheat with nothing added, nothing taken away.
Eat Shredded Wheat for at least ten days and see if it doesn't put a new spring in *your* step. No waiting when you order, for it's ready cooked, ready to eat. Just pour on milk or cream and top with your favorite fruit. At all campus eating places.

When you see Niagara Falls on the package, you KNOW you have Shredded Wheat.

HILL DOWNS UNION BY 12-0 SCORE SATURDAY

(Continued from Page One)

against the wind, punted to McKenzie who then drove off tackle and went over the Union goal line standing up but was called back when a clipping penalty brought the ball back to the 33-yard line. Harding and Scobie gained five yards between them on two line mashes and Hand's drop-kick fell short, Union receiving the ball on its 20-yard line. Milano punted to the 47-yard line. On the third down McKenzie's punt rolled outside on the Union 15-yard line, and after two downs Milano returned it to the 36-yard line. Harding drove through for 16 yards and a first down. Scobie gained six yards around right end and two line plays gained a first down. Union held for two downs and after McKenzie's try for a placement kick failed, received the ball on the 20-yard line. Failing to gain on the first two plays, Milano punted to the Hamilton 49-yard line. Harding smashed off left tackle for 32 yards and a first down, bringing the ball to Union's 20-yard line. After two unsuccessful attempts, including a grounded pass, and a six-yard gain by Scobie, Union received the ball on downs on its own 15-yard line as the quarter ended.

Second Quarter

Edwards blocked Milano's punt and McGee recovered for Hamilton on the ten-yard line, but the Garnet line held firm again. Union received the ball on downs and Milano punted out of danger to the 40-yard line. McKenzie then broke through left tackle for a sensational 38-yard run, being dropped on the one-yard line as he stepped outside. Union braced and once more held for downs, Milano's punt being downed by Hamilton on the Union 30-yard line. Harding, Scobie, McKenzie, and MacLaren advanced the ball to the two-foot line, and McKenzie went over for the touchdown. His try for the extra point failed when a placement kick dropped short.

McKenzie brought Milano's kickoff to the Hamilton 30-yard line but a penalty for clipping put the ball on the 10-yard marker. After punting out of danger, Hamilton held Union for two downs, and Edwards recovered a fumble on the 49-yard line shortly after.

Third Quarter

Union kicked off at the beginning of the second half, Harding bringing the ball back to the Hamilton 38-yard line. McKenzie, MacLaren, and Harding gained three first downs, but Union held for downs on the 16-yard line. O'Donaghue dropped Union backs for a four-yard loss on two plays and Krull punted to Hamilton's 45-yard line. Three plays gained nine yards, and an exchange of punts brought the ball to the Hamilton 24-yard line. After a 5-yard offsides penalty, McKenzie punted to the Union 39-yard line. Union failed to gain and punted to the 25-yard line. Hamilton lost three yards on the first play and McKenzie went back to punt. A low pass from center eliminated the possibility of kicking and McKenzie ran off left end for a ten-yard gain. He then punted to the 45-yard line, and after McGee and O'Donaghue stopped Union attempts to gain, Krull punted over the Hamilton goal line and Hamilton took possession of the ball on the 20-yard stripe. McKenzie drove through tackle for 11 yards and a first down, and the quarter ended.

Scobie opened the fourth quarter by making a first down in two plays. McKenzie's punt over the Union goal line was called back as Union received a five-yard penalty for offsides. Lambeth nailed McKenzie for a five-yard loss. McKenzie punted to the 30-yard line. The Garnet failed to gain and Hamilton received the punt on the 50-yard line. After Scobie gained seven yards, McKenzie gained two yards and then punted to the 25-yard line. Union made five yards and punted to the 45-yard marker. Hamilton advanced nine yards and punted over the Union goal line on the fourth play. After two plays, Captain McGee blocked Krull's punt and, recovering the ball, carried it to the two-yard line. Scobie drove through the line for a touchdown but was stopped short on an attempt to buck the line for the extra point.

McKenzie's kick off was returned to the 37-yard line, where Scobie knocked down a Union pass. Coach Winters sent in Hamilton substitutions until a complete new team faced the Garnet. Meanwhile three exchanges of punts kept the ball continually in Union territory, Union being unable to gain effectively. The game ended with the ball in Union's possession in its own territory.

Preacher Stresses Personal Integrity

Reverend Morgan P. Noyes, D. D. of the Central Presbyterian Church, Montclair, N. J., made a plea Sunday morning for a renewed dominance in modern society of the individual whose actions are governed by his conscience. In stressing the necessity of a modern counterpart to Socrates' "fear of doing the unrighteous or unholy thing", Reverend Noyes briefly sketched the deplorable corruption and self-interest revealed in municipal and financial circles during the past three years. He answered the common question "Why can't I lead my own life and let others alone?" by emphasizing that the behaviour of an individual greatly affects other people, that only the character of each individual holds society together, and that "God meant man to be his best self, not his second best."

He stressed the point that college graduates, more than others less privileged, are expected to make their actions a positive influence in modern society, and that "it makes a difference" not only to an individual's family and college, but also to the underprivileged class, what each man makes of his opportunities.

$175 GIVEN TO RED CROSS

With only the report of the neutrals still incomplete, the Hamilton College Red Cross drive is practically over with a total to date of, $175.01. Of this amount, there are 32 individual memberships of $1.00 each, and the remainder is composed of smaller contributions.

In spite of the fact that the amount this year is considerably below that of last year, Mrs. Gelas, in charge of the drive on the Hill, stated that considering the times and the conditions, she felt that this was as much as could be expected, and is very well pleased with the response shown.

University of Washington flunks are denied the use of the library.

So Round, so Firm, so Fully Packed

Luckies draw easily
_burn evenly

It's easy to see why so many women prefer Lucky Strike. Luckies are fully packed with long strands of choice tobaccos, round and firm to the very tips. That means Luckies always draw easily, always burn smoothly. It also means no annoying loose ends to cling to lips or mess up the nice things in a woman's purse. And every day more and more women are showing their appreciation by saying "Luckies please".
